Project update

Work Complete at Wyong Road, Enterprise Drive intersection upgrade, Chittaway Bay
November 2016

The NSW Government funded this $28 million project to improve traffic flow and safety while catering for future traffic growth.

The upgrade involved replacing the existing roundabout at the Wyong Road intersection at Enterprise Drive and Chittaway Road with traffic lights.

Major construction work was completed in October 2016 on time and on budget.

Key Benefits

With work now complete, more than 48,000 motorists who use this intersection daily are benefitting from improved travel times meaning more time with friends and family. Other benefits include:

- Improved pedestrian and cycle facilities with a dedicated shared path and four new pedestrian crossings
- New bus priority lanes to improve journeys on public transport
- Improved safety at the intersection.

Additional Lanes

The work has resulted in a bigger intersection with more lanes including:

- Double right and left turn lanes from Enterprise Drive into Wyong Road
- Double right turn lanes from Wyong Road onto Enterprise Drive and from Chittaway Road onto Wyong Road
- A left turn lane from Wyong Road onto Enterprise Drive
- New bus priority lanes on Wyong Road
Did you know?
During the upgrade of Wyong Road, Enterprise Drive and Chittaway Road we:

- Laid more than 11,000 tonnes of asphalt, the equivalent in weight of more than 7000 cars
- Placed more than 3500 tonnes of concrete
- Built 2.2km of kerb and 700 metres of new footpath
- Installed 21 new street lights on the intersection.

Thanking the Community
Roads and Maritime would like to thank motorists, residents and businesses for your patience, engagement and cooperation during this important upgrade.

How was your experience?
Since construction started in 2015, we have been responding to inquiries and keeping the community informed about the project as it progressed. We would appreciate your feedback about our communication with you, by completing our short survey at rms.nsw.gov.au/wyongroad-enterprisedrive.

Contact
If you have questions regarding this work please contact the Roads and Maritime Project Manager, Bandula Wijesinghe on 02 4379 7018 during business hours or email central.coast.office@rms.nsw.gov.au.
