Temporary closure of Middle Falbrook Bridge over Glennies Creek on Wednesday 30 May

The NSW Government is funding the upgrade of Middle Falbrook Bridge as part of its $145 million commitment to the Bridges for the Bush Program.

Roads and Maritime Services will continue to carry out work to restore and strengthen Middle Falbrook Bridge. A full bridge closure is required to rebuild the road approaches at both ends of the bridge.

The full bridge closure will be in place for one day between 7am and 5pm on Wednesday 30 May. We have included information about the detour arrangements below.

We will also carry out work to seal both road approaches and will require intermittent bridge closures for periods of up to 15 minutes at a time. This work will be carried out between 10am and 2pm on Friday 1 June and may affect travel times. We will let you know in advance if we need to do any work outside these times.

Following the bridge closures, work will continue between 6am and 5pm from Monday to Friday with the project expected to be completed by late June 2018.

How will the work affect you?

The work will involve the use of machinery which generates some noise. We will make every effort to minimise noise by turning off machinery and vehicles when not in use.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe. The speed limit will be reduced to 40km/h for the duration of the project and traffic lights or traffic control will be in place.

On Wednesday 30 May a full bridge closure will be in place. Motorists will be detoured via Glennies Creek Road and the New England Highway to the east and via Stoney Creek Road and Bridgman Road to the south, as shown in the map provided.

On Friday 1 June intermittent bridge closures for periods of up to 15 minutes will be in place and may affect travel time.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
Contact

If you have any questions, please contact our Project Manager, David MacGregor on 02 4908 7643 or david.macgregor@rms.nsw.gov.au. For more information on our projects, visit rms.nsw.gov.au.

Thank you for your patience during this important work.
