Start of work on Middle Falbrook Bridge over Glennies Creek from Monday 20 February

The NSW Government has provided $10.5 million to upgrade Middle Falbrook Bridge as a part of its $145 million commitment to the Bridges for the Bush Program.

Roads and Maritime Services will be starting work from Monday 20 February to restore and strengthen Middle Falbrook Bridge. The major upgrade will improve road freight productivity, enhance safety for motorists and reduce ongoing maintenance costs.

We will be working Monday to Friday between 6am and 5pm and expect to complete the project by December 2017, weather permitting. We will let you know in advance if we need to do any work outside these times.

The bridge will remain open to traffic while the most of the upgrade work is carried out.

A bridge closure will be required during the upgrade and is expected to be in place for about one month. Roads and Maritime will consult with the community in the coming months about timing for the bridge closure before finalising the closure schedule and detour arrangements.

How will the work affect you?
There will be some noise associated with this work. We will make every effort to minimise the impact of noise, including scheduling the noisiest activities after 7am.

Traffic changes
There will be some temporary traffic changes to make sure the work zone is safe.

Lane closures and a temporary reduced speed limit will be in place and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App for iPhone, iPad and Android.

Contact
If you have any questions, please call our Project Manager, Julie Morgan on (02) 4908 7701 or email julie.morgan@rms.nsw.gov.au. For more information on our projects, visit rms.nsw.gov.au.

Thank you for your patience during this important work.
