Update on Luskintyre Bridge maintenance and changed traffic conditions

The NSW Government is providing $4.9 million in 2015/16 to complete essential repairs and maintenance at Luskintyre Bridge.

Roads and Maritime Services is continuing to carry out major repairs and maintenance on Luskintyre Bridge including bridge strengthening, rehabilitation work and painting.

We will continue to work Monday to Friday between 6am and 4pm and expect to complete the project in late June 2016 weather permitting. We will let you know in advance if we need to do any work outside these times.

How will the work affect you?

We will continue to make every effort to minimise noise including scheduling noisy activities to occur after 7am.

Traffic changes

Temporary traffic changes to make sure the work zone is safe remain in place. The bridge is reduced to a single lane and is controlled by traffic controllers during work hours and traffic lights outside of work hours.

For the safety of motorists and workers a 40km/h speed limit is currently in place 24 hours a day. On occasions it may be necessary to further reduce the speed limits to 20km/h. This will be managed by traffic controllers.

The temporary traffic changes may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App for iPhone, iPad and Android.

Contact

If you have any questions, please call our project manager, David MacGregor on 02 4924 0643 or email david.macgregor@rms.nsw.gov.au. For more information on our projects, visit rms.nsw.gov.au

Thank you for your patience during this important work.
