Construction work on Liverpool Street, Sydney from Tuesday 7 April

New cycleway infrastructure is being built as part of the Sydney City Centre Access Strategy.

The Liverpool Street cycleway will be a primary east-west cycle route through the CBD, connecting to Kent and Sussex streets in the west and Castlereagh Street in the east.

Roads and Maritime Services will carry out work on Liverpool Street, between Castlereagh Street and Sussex Street, from **Tuesday 7 April to Saturday 26 September**, weather permitting.

The table below provides details of work locations and dates. Ongoing consultation will take place while the work is carried out to ensure the community are kept informed and up to date.

The work includes:
- Awning adjustments for some properties (affected property owners have previously been advised)
- Removing and relocating some loading zones, taxi zones and parking spaces
- Relocating the existing mail zone
- Modifying utility services
- Modifying kerbs and footpaths
- Adjusting pram ramps, kerbs and traffic lights at each intersection
- Installing new traffic lights at the intersection of Liverpool and Kent streets
- Installing a median for the new two-way separated cycleway on the northern side of Liverpool Street
- Resurfacing and line marking the road
- Changing kerbside signs.

**Work schedule**

This work will be carried out during the following hours:

For further enquiries: Stakeholder Manager, Gina Kelly
**T 1800 822 486 | E gina.kelly@lendlease.com**
For information on scheduled road work, visit [www.livetraffic.com](http://www.livetraffic.com)
or outside business hours call the Transport Management Centre on **132 701**
Day work will be carried out Monday to Friday between 7am and 6pm
Night work will be carried out Sunday to Thursday between 6pm and 5am
Weekend work may be carried out from 11pm Friday evening through until 5am Monday, if required.

Every effort will be made to avoid noisy work after midnight. Equipment and vehicles used during the work may include jack hammers, concrete saws, floodlights, small excavators, vacuum trucks, amenities trucks and traffic control vehicles. We will inform local residents and businesses ahead of construction occurring in the area, including night work and any additional work requirements.

Changed traffic conditions

Minor traffic delays are expected due to changed road conditions at times during the work. Lane closures will be in place while work is carried out to ensure the safety of road users and workers. Road users are asked to follow the direction of traffic controllers, adhere to reduced speed limits and follow traffic signs. Access to buildings, driveways and footpaths will be maintained at all times.

We apologise for any inconvenience this work may cause and appreciate your patience while this important new infrastructure is delivered.
