Sydney Harbour Bridge - repainting of the South Portal Frame

The NSW Government is funding this essential maintenance on the Sydney Harbour Bridge to help maintain the structural integrity of The Bridge.

Roads and Maritime Services will carry out essential painting work on the steel columns and framework in front of the south pylon on the Sydney Harbour Bridge known as the South Portal Frame. Work includes setting up a compound at the base of the columns, scaffolding the frame and installing a containment structure to complete the painting work. Minor steel repairs and inspection work will also be carried out during this time.

We have included a photo to show the location of the work.

How will the work affect you?

Work will start on 26 April 2018 and will take approximately one year to complete.

Working hours will be from Mondays to Fridays, between 7am and 6pm, and on Saturdays between 8am and 1pm. No work will be carried out at night, on Sundays or public holidays.

There will be some pedestrian traffic changes around the work area with pedestrian diversions in place. Please follow the direction of traffic controllers and signs.
Contact

If you have any questions, please contact Waruna Kaluarachchi, Sydney Harbour Bridge Work Manager on 02 9255 3474. For more information on our projects, visit rms.nsw.gov.au.

Thank you for your patience during this important work.
