Week commencing Monday 1 January:

Sydney Harbour Bridge southern toll plaza precinct upgrade

The NSW Government is funding this upgrade to improve safety, simplify traffic movements and improve bus connections to the city.

Roads and Maritime Services will continue work at the southern toll plaza precinct this week. Our day working hours will be between 7am and 6pm from Tuesday to Sunday.

We will also work five nights a week. Night work hours will be from 9pm to 5am. Planned night work activities for this week will include:

- installing movable medians on the Southern Toll Plaza, this work will involve the use of excavators and concrete pouring
- upgrading drainage at the intersection of York and Grosvenor streets, this will involve the use of excavators and movement of plant on site.

We will not work Monday 1 January and will recommence work at 7am Tuesday 2 January.

There will be some noise associated with our work. We will make every effort to minimise its impact by using less noisy work methods and completing noisier work before midnight.

Please note adjustments will be made to the northbound lanes on Friday 5 January; the updated arrangement will be open to traffic by 4:30am on Monday 8 January. Southbound lane arrangements will not change.

To complete this work we will work extended hours between 10pm on Friday 5 January and 4am on Monday 8 January.

If you have any questions about this work, please call the Sydney Harbour Bridge Projects Team on the 24 hour hotline 1800 677 700 or email sydneyharbourbridgeprojects@rms.nsw.gov.au.

Thank you for your patience during this important work.
