Mona Vale Road East upgrade — Manor Road to Foley Street

**What are the benefits?**

- **Reduced travel times**: The upgrade will improve safety and travel times along Mona Vale Road East.
- **Better connectivity**: Enhances connectivity options away from the Mona Vale Road West upgrade.
- **Loads**: A light-weight load upgrade will include three metre wide shoulders for on-road cyclists.
- **Additional capacity**: A three metre wide shoulder will also be provided for cyclists.
- **Wider shoulder**: A three metre wide shoulder will also be provided for cyclists.

**What is happening to Mona Vale Road West?**

- **Stage one**: Intersection improvement at the intersection of Ponderosa Parade and Samuel Street.
- **Stage two**: Ponderosa to Daydream Street.

**What is happening to Mona Vale Road East?**

- **Stage one**: Intersection improvement at the intersection of Ponderosa Parade and Samuel Street.
- **Stage two**: Ponderosa to Daydream Street.

**How will the road upgrade improve safety?**

- **Traffic calming**: Traffic calming devices such as speedEX will be installed to reduce speeds along the road.
- **Pedestrian crossing**: Pedestrian crossings will be improved to enhance safety for pedestrians.
- **Improved lighting**: Improved lighting will be installed to improve visibility along the road.

**What are the environmental benefits?**

- **Light-weight load upgrade**: Enhanced connectivity options away from the Mona Vale Road West upgrade.
- **Loads**: A light-weight load upgrade will include three metre wide shoulders for on-road cyclists.
- **Wider shoulder**: A three metre wide shoulder will also be provided for cyclists.

**What is the preferred route?**

- **Stage one**: Intersection improvement at the intersection of Ponderosa Parade and Samuel Street.
- **Stage two**: Ponderosa to Daydream Street.

**How will the road upgrade improve travel times?**

- **Traffic calming**: Traffic calming devices such as speedEX will be installed to reduce speeds along the road.
- **Pedestrian crossing**: Pedestrian crossings will be improved to enhance safety for pedestrians.
- **Improved lighting**: Improved lighting will be installed to improve visibility along the road.

**What are the stages of the project?**

- **Stage one**: Intersection improvement at the intersection of Ponderosa Parade and Samuel Street.
- **Stage two**: Ponderosa to Daydream Street.

**When will the road upgrade be completed?**

- **Stage one**: Intersection improvement at the intersection of Ponderosa Parade and Samuel Street.
- **Stage two**: Ponderosa to Daydream Street.

**How can you get involved?**

- **Community consultation**: Community consultation will be held to seek feedback on the proposed road upgrade.
- **Roads and Maritime**: Roads and Maritime will provide regular updates on the project via their website.

**How can you get involved?**

- **Consultation**: Community consultation will be held to seek feedback on the proposed road upgrade.
- **Roads and Maritime**: Roads and Maritime will provide regular updates on the project via their website.

**What are the expected benefits?**

- **Travel times**: Reduced travel times will be achieved through the upgrade.
- **Safety**: Improved safety for pedestrians and cyclists will be achieved through the upgrade.
- **Connectivity**: Enhanced connectivity options away from the Mona Vale Road West upgrade will be achieved through the upgrade.

**What other road projects are under way in Sydney?**

- **Northern Beaches Hospital**: The Northern Beaches Hospital road upgrades will commence in September 2014.
- **Frenchs Forest Road**: The Frenchs Forest Road extension will commence in September 2014.
- **Wakehurst Parkway**: The Wakehurst Parkway road upgrades will commence in September 2014.

**What are the expected costs?**

- **Northern Beaches Hospital**: The Northern Beaches Hospital road upgrades will cost $27 million.
- **Frenchs Forest Road**: The Frenchs Forest Road extension will cost $34 million.
- **Wakehurst Parkway**: The Wakehurst Parkway road upgrades will cost $23 million.

**What are the project timeline?**

- **Northern Beaches Hospital**: The Northern Beaches Hospital road upgrades will commence in September 2014.
- **Frenchs Forest Road**: The Frenchs Forest Road extension will commence in September 2014.
- **Wakehurst Parkway**: The Wakehurst Parkway road upgrades will commence in September 2014.
