Northern Beaches Hospital – Connectivity and network enhancements

The NSW Government is building the Northern Beaches Hospital at Frenchs Forest. The hospital will provide the people of the Northern Beaches with a modern purpose built facility providing surgical, medical, paediatric, obstetric and inpatient mental health services, a large emergency department and state-of-the-art digital technologies. The facility will also be a centre of clinical excellence. The NSW Government is working to develop road upgrades to improve traffic flow and increase capacity on the road network in time for the opening of the Northern Beaches Hospital in 2018. The hospital will be located close to Warringah Road, Forest Way and Wakehurst Parkway which are major arterial roads serving Sydney’s northern suburbs.
