

Work continuing on Boundary Street, Roseville (between the Pacific Highway and Melnotte Avenue)

The NSW Government is funding this \$20 million project as part of its \$246 million Pinch Point Program, which aims to reduce delays, manage congestion and improve travel times on Sydney's major roads, particularly during weekday peak periods.

Roads and Maritime is continuing to deliver this upgrade, which includes widening the northern side of Boundary Street from the Pacific Highway to Melnotte Avenue.

Work completed so far includes utility adjustments, stormwater drainage improvements and road widening on Boundary Street east of Archer Street.

What happens next?

The next stage of work includes further utility adjustments, stormwater drainage improvements and road widening on Boundary Street, east of the railway bridge. It also includes starting utility adjustments to the west of the railway bridge.

We will continue working up to **five nights a week**, including some **weekends** and **public holidays**. Our **night work** hours will be from **8pm** to **5am**, with less noisy construction work between **midnight** and **5am**. We will also be working from **7am** to **6pm** between **Mondays** and **Fridays** and from **8am** to **1pm** on **Saturdays**.

How will the work affect you?

There will be some noise associated with this work but we will make every effort to minimise noise by completing noisiest work by **midnight**.

Temporary traffic and pedestrian changes

As part of our work, we will be closing the southbound left turn lane from Pacific Highway onto Boundary Street for some shifts, between **23 September** and **10 October 2016**. This may impact travel times. Motorists will be able to turn left into Boundary Street from the adjacent lane.

The bus stop located on the eastern side of Pacific Highway north of Boundary Street will remain accessible while the kerbside lane is closed and property driveway access on the Pacific Highway will be maintained. There will be no lane closure during peak periods. We have included a map to explain the traffic changes and their locations.

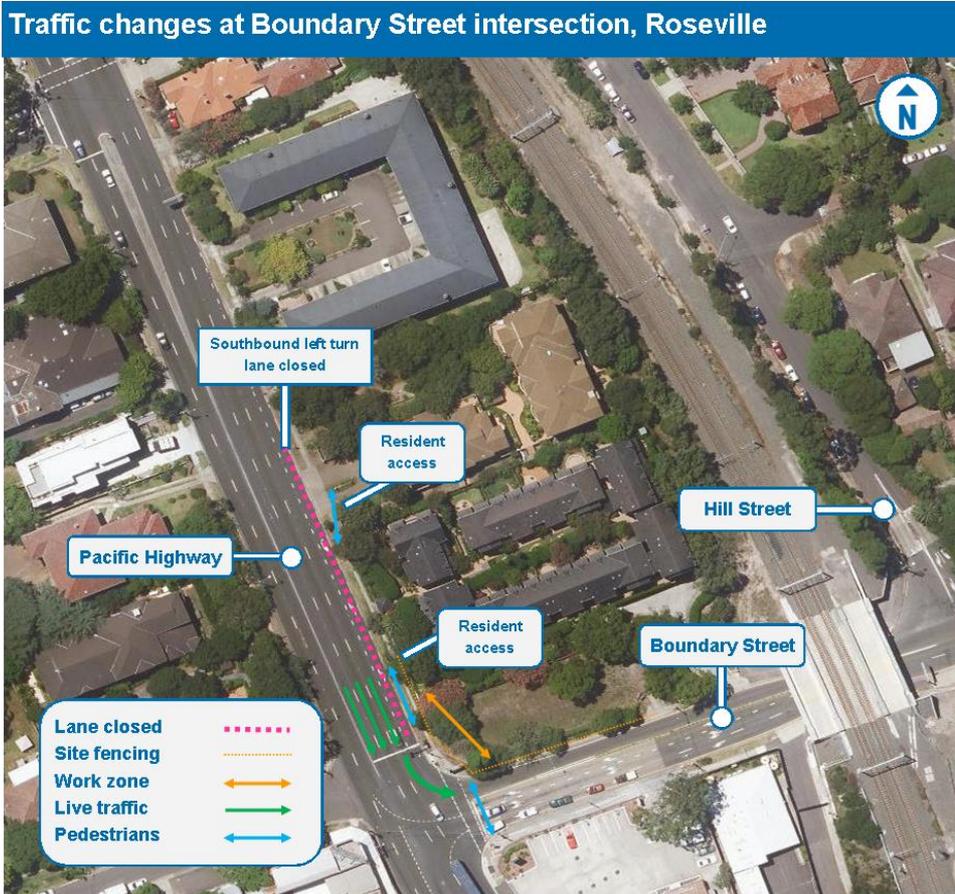

Please keep to speed limits and follow the directions of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact our delivery partner DownerMouchel on 1800 332 660 or email nsw_projects@downermouchel.com
