Have your say – Night work on Boundary Street, Roseville from late February 2016

The NSW Government is funding this $20 million project between the Pacific Highway and Melnotte Avenue as part of the $246 million Pinch Point Program, which aims to reduce delays, manage congestion and maintain travel times on Sydney’s major roads, particularly during weekday peak periods.

Roads and Maritime Services is seeking your feedback by Friday 19 February on a proposal to work up to five nights a week at regular intervals and to carry out the noisiest work until midnight throughout construction of this project.

Have your say on the night work schedule

Our proposed schedule involves working up to five nights a week and carrying out noisy work until midnight. Our working hours will be from 8pm to 5am excluding Saturdays and from 7am to 6pm between Mondays and Fridays and from 8am to 1pm on Saturdays. Our proposed night work schedule is:

- **February to May** – Utility adjustments, stormwater drainage and widening Boundary Street east of the railway bridge
- **June to September** – Utility adjustments, stormwater drainage and road widening on Boundary Street west of the railway bridge and widening on the Pacific Highway
- **October to January 2017** – Completing road widening and starting construction of medians, asphalting, line marking and installing new traffic lights at the intersection of Boundary St and Pacific Highway
- **January 2017 to mid-2017** – Asphalting, landscaping and final drainage work.

How will the work affect you?

There will be some noise associated with this work. We have included a table to help explain the type of equipment and activities that will be used.
How can you give feedback?

We welcome your feedback on our proposed night work schedule by Friday 19 February. Please send your written comments to our delivery partner:

DownerMouchel
Communication and Stakeholder Engagement
PO Box 6465
North Ryde NSW 2113
Or email enquiries_nsw@downermouchel.com

We will carefully consider your feedback and continue to keep you updated as the project progresses.
