

Project update – Improvements on Boundary Street, Roseville open to traffic

The NSW Government is funding this project as part of its \$225 million Pinch Point Program, which aims to reduce delays, manage congestion and improve travel times on Sydney's major roads, particularly during weekday peak periods.

Roads and Maritime Services has opened this intersection upgrade to traffic. This includes widening Boundary Street and upgrading the intersection of Boundary Street with the Pacific Highway and Corona Avenue. The project will help improve traffic flow and safety for road users.

The next stage

We need to return for six shifts to carry out work on the Sydney Water main. Work will include:

- saw cutting
- excavation work
- adjusting the level of the water main lid
- fixing sections of the water main
- testing the water main.

We will then return in January to carry out some final activities including final resurfacing and restoration work.

Our work schedule

We will be onsite for **six shifts** between **Sunday 26 November** and **Sunday 3 December**. Our **night work** hours will be from **8pm to 5am**.

We will write to you again before returning in January for final resurfacing and restoration work.

How will the work affect you?

Our work will be noisy at times but we will continue to do everything we can to minimise its impact, including completing the noisier tasks by **midnight**.

Temporary traffic and pedestrian changes

There will again be temporary traffic changes during our work hours to ensure the work zone is safe.

Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
