Improving bus on-time running in Arncliffe, Kogarah, Rockdale and Wolli Creek

Transport for NSW has identified some ways to improve the reliability of buses in the Bayside and Georges River Council areas.

The NSW Government has fully funded the Bus Priority Infrastructure Program. The program aims to improve the reliability of bus services on Sydney’s main bus corridors.

As part of this program, Transport for NSW, in conjunction with Roads and Maritime Services, is proposing to make changes to some bus stops along route 422 on:
- Princes Highway, Rockdale and Wolli Creek
- West Botany Street, Arncliffe
- Bryant Street, Rockdale

There are also proposed changes to some on-street parking.

We have included detailed maps to help explain changes to bus stops in the Bayside and Georges River Councils. For information on changes to bus stops along route 422 in other council areas, please visit www.rms.nsw.gov.au/bpp.

PUBLIC DISPLAY OF REVIEW OF ENVIRONMENTAL FACTORS

We have assessed the environmental impacts of these changes in a report of findings called a Review of Environmental Factors (REF). It will be on public display from Wednesday 8 February 2017 to Wednesday 8 March 2017.

The REF documents can be viewed during the display period at www.rms.nsw.gov.au/bpp.

HOW WILL WE IMPROVE THE RELIABILITY OF BUS SERVICES?

We plan to improve bus journey times by:
- Reducing the number of locations at which buses need to stop by combining or removing some bus stops
- Making it easier for buses to move in and out of bus stops by removing or relocating on-street parking

We have carefully considered bus stops near schools, aged care facilities and shops to ensure access to key bus stops is maintained, while still improving bus journey times.

BACKGROUND

These changes are part of Sydney’s Bus Future, the NSW Government’s plan to redesign Sydney’s bus network to meet customer needs now and into the future. In this plan, our customers tell us that travel time and on-time running are some of the most important service features.

These changes have been developed by Transport for NSW and Roads and Maritime, in consultation with Sydney Buses. Local councils were consulted as part of the early planning work.

KEY OUTCOMES OF THE PROPOSAL

- Contributing to the NSW Government’s target of 95 per cent on-time running of bus services
- Making travel times more reliable for customers.
New bus stop replaces No Stopping Zone
Relocate north and replace with No Stopping Zone

Remove bus stop and replace with No Stopping Zone
Remove bus stop and replace with No Stopping Zone

Remove bus stop and replace with parking (+2 spaces)
Remove bus stop and replace with parking (+3 spaces)

Remove bus stop and replace with parking (+3 spaces)
Remove bus stop and replace with parking (+3 spaces)

Remove bus stop and replace with No Stopping Zone
Remove bus stop and replace with No Stopping Zone
Have your say

We welcome your written submissions about the proposed work by 5pm on Wednesday 8 March 2017.

Please send your comments to:

422buspriority@rms.nsw.gov.au
PO Box 973, Parramatta CBD NSW 2124

What happens next?

We will consider all feedback and respond in a submissions report, which will be available later this year.

We will continue to liaise with the community throughout the project.
