

Proposed intersection improvements at Canterbury Road and King Georges Road, Wiley Park

The NSW Government is funding this proposal as part of its \$300 million Urban Roads Pinch Point Program, which aims to reduce congestion and improve travel times on Sydney's busiest corridors.

Roads and Maritime Services invited feedback in December 2017 on proposed intersection improvements at Canterbury Road and King Georges Road, Wiley Park.

The proposed improvements include:

- widening Canterbury Road on both the eastern and western approaches to provide additional right turn lanes to King Georges Road
- changing the existing dual left turn signalised slip lanes on Canterbury Road for vehicles turning into King Georges Road to a single give way slip lane
- realigning of the left turn slip lanes on Canterbury Road in both directions to provide better vision for motorists preparing to turn left
- adjusting the existing entrance into Wiley Park and construction of a retaining wall on the revised road boundary
- relocating of existing impacted underground/overhead utilities and equipment, including an existing speed camera on the Canterbury Road
- constructing new pavement where required as a result of the changes to the intersection.

Community consultation

We received feedback from 17 people, with four people supporting the proposal, eight people against the proposal and five people who did not state a preference. Key matters included support for the proposal, construction of an overpass and other items not related to the scope of the proposal.

We have directly responded to all matters and thank everyone for considering the proposal and providing feedback.

To view the consultation report, visit rms.nsw.gov.au.

What happens next?

After considering all responses, along with the proposal's aims and design requirements, we have decided to proceed with the proposal unchanged.

We will continue to keep the community and stakeholders informed as the project progresses.

Contact

If you have any questions, please contact our Project Manager, Henry Mi, on 1800 572 004 during business hours or pinchpoint@rms.nsw.gov.au.
