

Have your say – Night work on Heathcote Road, Engadine

The NSW Government is jointly funding this project as part of the \$300 million Gateway to the South Program and the NSW Safer Road Program to improve road safety.

Roads and Maritime Services is delivering this safety project along Heathcote Road, Engadine. The work will include adjusting the road surface, between 1.3 kilometres and 2.3 kilometres north of the Princes Highway, Engadine.

We will also be removing and replacing sections of asphalt, installing new signs, replacing guardrail and painting road markings.

We are inviting your feedback on a night work schedule that would allow us to complete the project as quickly as possible to minimise the disruption period for the local community and road users.

We have included a map to show the location of the work.

Our proposed work schedule

We propose working up to **five nights** a week for **six weeks**, for a total of **30 shifts**. Our work hours would be between **8pm** and **5am** from **Sunday** to **Friday**. We would complete noisier activities including as saw-cutting, jack-hammering and breaking up concrete by **midnight**.

The alternative is working up to **three nights** a week, which would extend the project to **10 weeks**. Our shift hours would be the same and we would still finish the noisiest work by **midnight**.

Our other construction work may be noisy at times but we will do everything we can to minimise its impact, including staging it in different locations where possible.

Work is planned to start between May and June 2017.

How can you give feedback?

We invite your feedback on our proposed work schedule and the alternative option by **Monday 10 April**.

Please send your comments to our delivery partner, Ventia Boral Amey Joint Venture, nswenquiries@vbajv.com.au, 1800 677 700 or
