

## Proposed intersection improvements on Kingsway and Gannons Road, Caringbah

The NSW Government is funding this project as part of its \$300 million Urban Roads Pinch Point Program which aims to ease congestion and improve journey reliability on Sydney's key southern corridors.

Roads and Maritime Services is proposing intersection upgrades to improve traffic flow and reduce delays at the intersection of Kingsway and Gannons Road, Caringbah

Road users currently experience delays when travelling through the intersection during peak periods. This is due to lengthy queues on the westbound right turning bay into Gannons Road that reduces the capacity of the westbound through movement on Kingsway. The improvements will increase the flow of traffic travelling through the intersection and reduce the amount of wait time at the traffic lights.

The proposed improvements include:

- provision for an additional right turn lane on Kingsway into Gannons Road
- removal of six restricted car parking spaces on Gannons Road
- removal of around 13 car parking spaces on Kingsway
- removal of the Australia Post mail zone and post box
- adjusting the traffic signal timings
- line marking and asphaltting.

### What are the project benefits?

The project will:

- reduce congestion and improve travel times
- reduce queuing and waiting times for vehicles turning right from Kingsway into Gannon's Road
- reduce the likelihood of vehicles queuing and blocking the through lanes on Kingsway
- improve traffic flow and travel time reliability for motorists.

### Project enquiries

If you have any questions or comments on the proposed improvements, please contact our Project Manager, Kaitlin Reidy, by **Wednesday, 18 April 2018**, at [pinchpoint@rms.nsw.gov.au](mailto:pinchpoint@rms.nsw.gov.au), 1800 572 004 or:

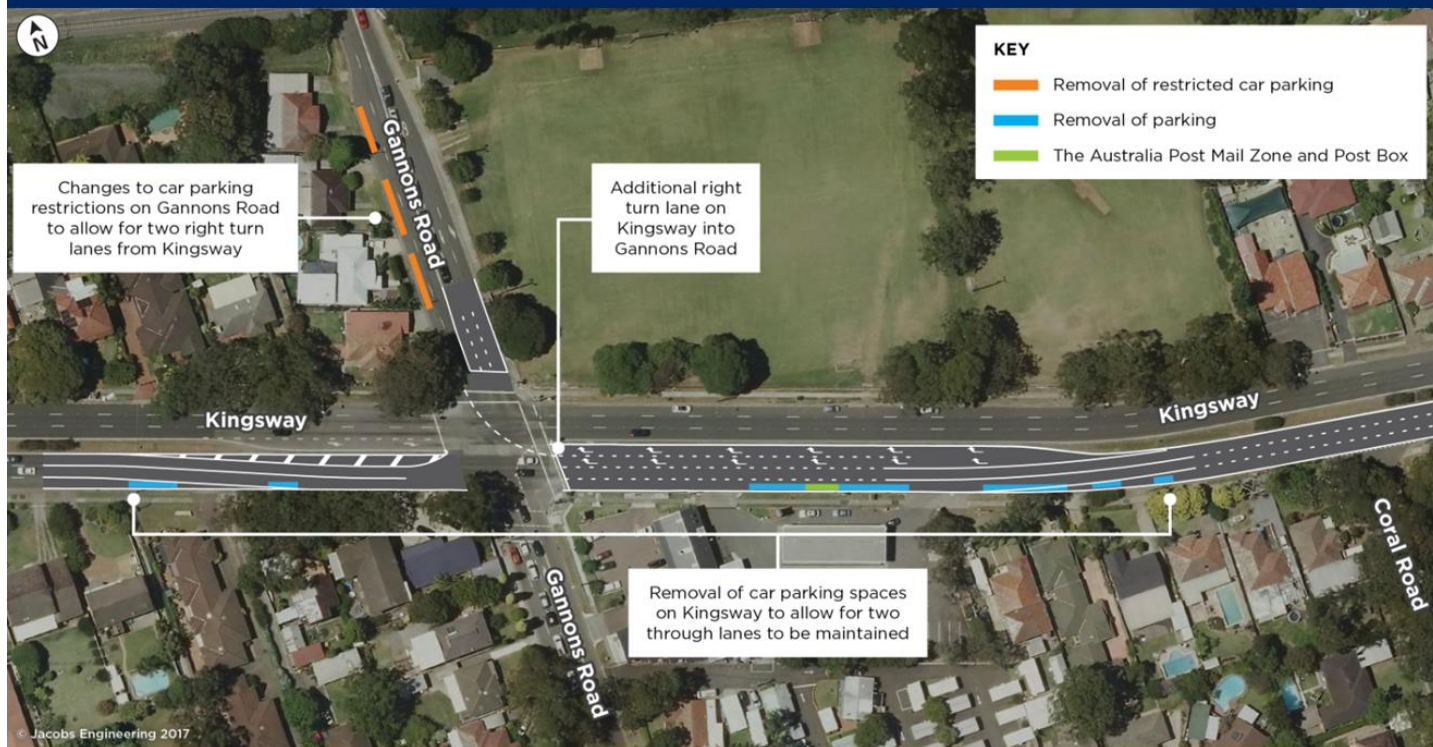

Roads and Maritime Services  
PO Box 973  
Parramatta NSW 2124

We will respond to your enquiries directly and notify you prior to work commencing.

For more information on our projects, visit [rms.nsw.gov.au](http://rms.nsw.gov.au).
