

# Heathcote Road Intersection improvements

## Start of work

Roads and Maritime Services | June 2018

Roads and Maritime Services is carrying out improvements on Heathcote Road at the intersections of the Princes Highway, Engadine and New Illawarra Road, Lucas Heights as part of the NSW Government's \$300 million Gateway to the South Pinch Point Program.

A large number of vehicles queue to turn right out of Heathcote Road onto the Princes Highway, causing congestion and delays at the intersection.

Road users also experience delays and queuing at the intersection of New Illawarra Road and Heathcote Road. Queuing and delays on New Illawarra Road are caused by the right turn lane during the morning peak period and the left turn lane in the afternoon peak period.

### Key benefits

- improve the efficiency and traffic flow at the intersections
- improve road safety and help reduce the number of crashes
- ease congestion and improve travel time reliability.

### What will the work include?

#### Princes Highway and Heathcote Road, Engadine

- widening Heathcote Road to add an additional right turn lane onto Princes Highway
- maintaining the existing left turn slip lane from Heathcote Road onto Princes Highway.

#### Heathcote Road and New Illawarra Road, Lucas Heights

- widening New Illawarra Road to add additional left and right turn lanes onto Heathcote Road
- installing traffic signals for roads users turning left from New Illawarra Road on to Heathcote Road.

### Our work schedule

We will be on site for up to **six days a week** for **207 shifts** and up to **five nights a week** for **171 shifts** over a **37 week period** between **Monday 18 June 2018** and **Thursday 28 February 2019**, weather permitting.

Our day work hours will be between **7am** and **6pm** from **Monday to Friday** and **8am to 1pm Saturdays**. Our night work hours will be between **8pm** and **5am** from **Sunday to Friday**. We will not be working on public holidays.

### How will the work affect you?

Our work may be noisy at times but we will do everything we can to minimise its impact, including completing the noisier tasks such as jackhammering and saw cutting by **midnight**, using non-tonal reversing alarms on heavy vehicles, switching off plant equipment when not in use, and staging the work in different locations.

### Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe.

Lane closures may be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions.

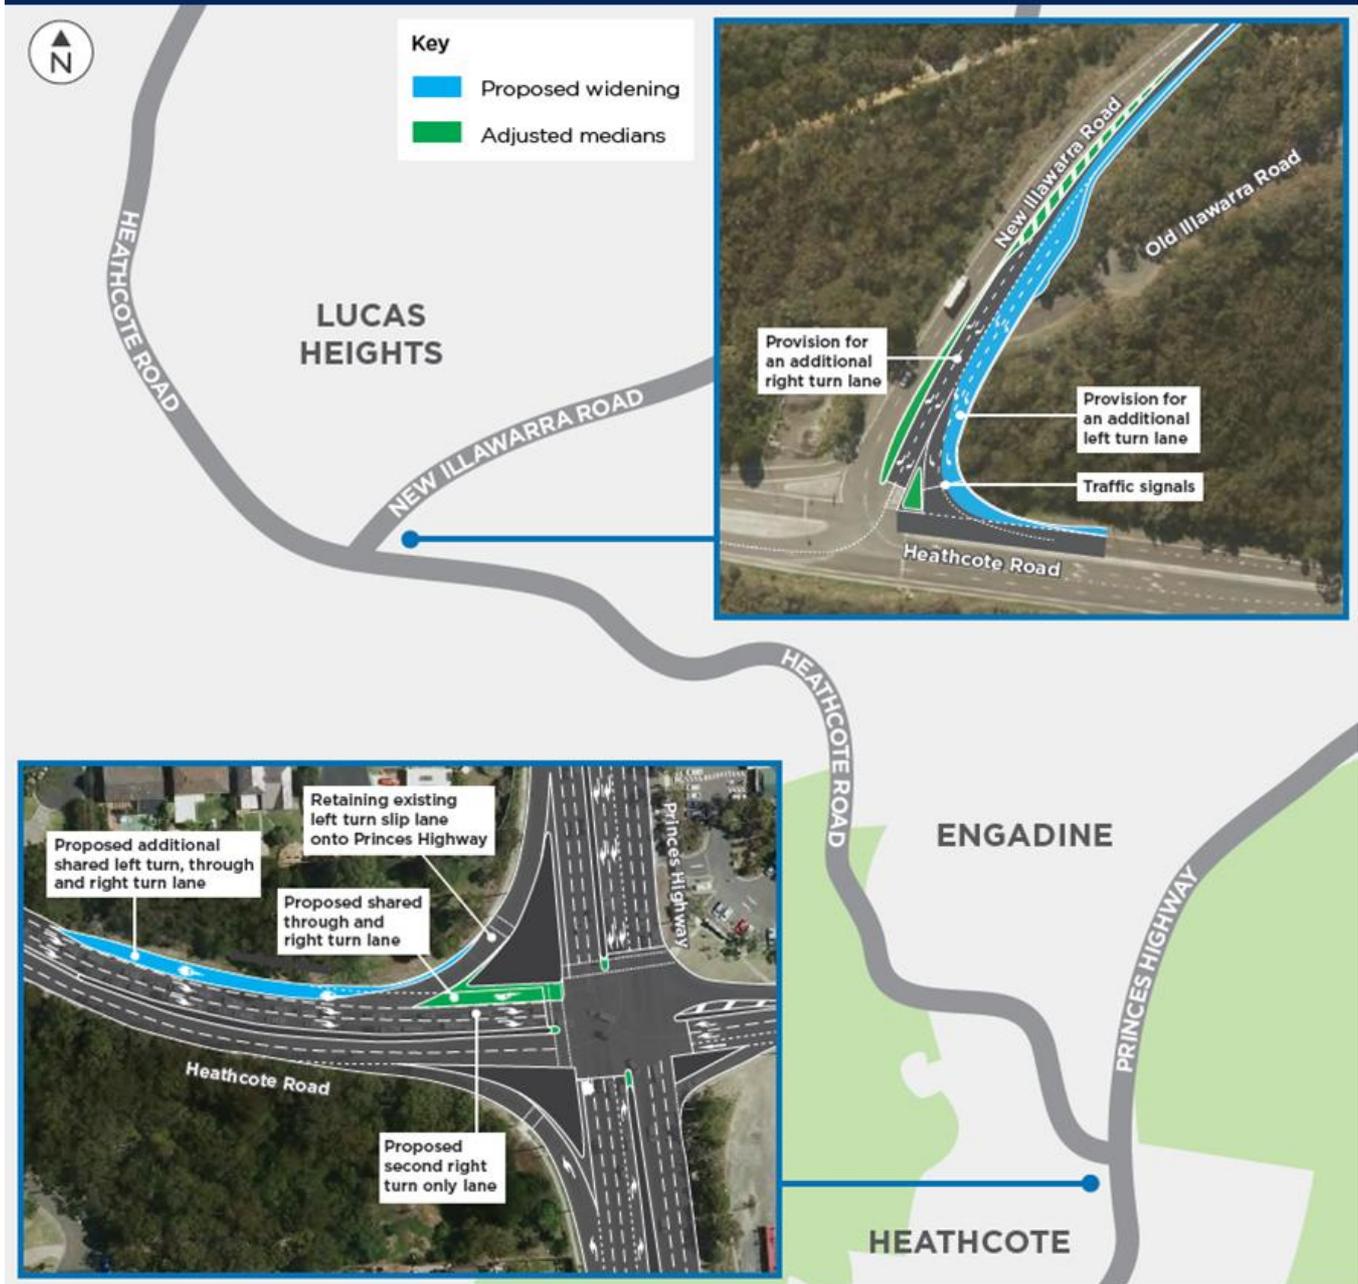

For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

### Contact us

If you have any questions about the Heathcote Road improvements, please contact our delivery partner, Downer, by calling 1800 931 779 or email [ESC.RMS.Heathcote@Downergroup.com](mailto:ESC.RMS.Heathcote@Downergroup.com).

For more information on these projects please visit [www.rms.nsw.gov.au/g2s](http://www.rms.nsw.gov.au/g2s).
