

Milperra Road and the River Road, Revesby: Project completion

The NSW Government has funded this project as part of its \$246 million Pinch Point Program, which aims to reduce traffic delays, manage congestion and improve travel times on Sydney's major roads.

Roads and Maritime Services finished major construction to improve traffic flow from Milperra Road onto The River Road in December 2016.

The improvements will increase capacity for cars turning right from Milperra Road into The River Road.

The completed work includes:

- installation of an additional right turn lane of around 190 meters to provide dual right turning lanes.
- widening the southern side of Milperra Road to allow for the upgraded right turning lanes to be constructed
- adjustments to kerb, gutter, drainage and driveways on the southern side of Milperra Road
- relocation of light poles
- removal and replacement of asphalt
- adjustments to existing traffic lights
- line marking.

We have included pictures of the completed work.

During the coming months, the project team will complete the final stages including landscaping and other minor work.

This work will take **six shifts** to complete between **Sunday 26 February** and **Sunday 19 March**, weather permitting. Our working hours will be from **8pm to 5am**, between **Sundays** and **Fridays**.

Thank you again for your patience throughout construction. Your support is important as we continue to deliver safer and more efficient journeys throughout NSW.
