The Australian and NSW Governments are upgrading roads east of Sydney Airport to improve traffic flow and access to the airport and Port Botany.

Work to open the Wentworth Avenue underpass in Mascot will be carried out on Friday 28 June 2019, weather and traffic conditions permitting. The underpass will open to traffic after 4am on Saturday 29 June 2019.

Once the underpass is open the level crossing at General Holmes Drive will close.
Traffic changes

Pedestrian access between the airport and Botany Road precinct will still be via Baxter Road or Robey Street. There is no pedestrian access to General Holmes Drive.

Vehicle access to and from the airport will be from the new Wentworth Avenue underpass. Traffic will no longer be able to use the level crossing on General Holmes Drive. Entry to the Park & Fly will be via Botany Road.

Roadwork speed limits are enforceable; please follow the direction of traffic controllers and signs.

For the latest updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

What work is left?

Once the underpass has been opened to traffic work will continue into the second half of 2019.

Remaining work includes:
- building new medians, kerbs and footpaths on surrounding roads
- completing the new drainage under Botany Road
- finishing work at key intersections surrounding the project
- paving, line marking and installing signage
- landscaping.
