

New alternative business parking

With funding from Roads and Maritime, Sutherland Shire Council is reconfiguring Box Road (west of Taren Point Road) into angle parking to provide an additional 17 parking spaces, six of which will be 2P parking spaces. Council will also convert nine unrestricted parking spaces in Kumulla Road into 2P parking spaces that will operate from 8:30am to 6pm, Monday to Sunday. The new alternative business parking will be available for business customers when the new and extended clearways commence on Monday 22 October 2018.

How will the work affect you?

There will be some noise associated with this work but we will do everything we can to minimise its impact, including completing the noisier tasks by 11pm.

During the installation work, there will be some temporary traffic changes to ensure the work zone is safe. Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

As a resident or visitor, what does this mean for me?

The new clearways will change the ability to park or pick up and drop off family, friends and deliveries in front of properties along Taren Point Road. If you currently live or visit this section of Taren Point Road, you will need to reconsider where to park during the clearway hours.

If you do not have a driveway, garage or carport on your property, local streets are available for you to park during the clearway hours subject to any council restrictions. Outside the clearway hours, existing parking restrictions will remain in place.

As clearways continue to be rolled out across Sydney, you will experience more efficient, safer, and more reliable journey times. This means less time in the car, and more time doing the things you enjoy.

If you park in a clearway during the clearway hours, you risk being fined and your vehicle can be towed.

To report a vehicle parked in a clearway or if your vehicle has been towed from a clearway, please call the Transport Management Centre on 131 700.
