

Field investigation work on the Cumberland Highway, Greystanes from 24 August 2017

The NSW Government is funding this work as part of its \$300 million Urban Roads Pinch Points Program which aims to reduce congestion and improve travel times on Sydney's busiest corridors.

Roads and Maritime Services will carry out utility survey and investigation works including potholing, cutting and reinstating the road pavement. To minimise impacts on traffic and to ensure the safety of workers and road users, some of this work will be carried out at night.

The work will take place at the intersection of the Cumberland Highway and Merrylands Road, Greystanes.

We have included a map to help explain the location of the work.

The investigation work will be carried out between **24 August 2017** and **8 October 2017**, weather permitting. Our night work hours are from **9pm** to **5am** between Sundays and Thursdays. We expect the night work to take approximately **5 shifts** to complete, weather permitting.

Some work may also be carried out during the day. Our day working hours are from **7am** to **6pm** between Mondays and Fridays.

How will the work affect you?

There may be some noise associated with this work, but we will complete it as quickly as possible to minimise any disruption and complete the noisiest works before 11pm.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe. Lane closures may be in place and will affect travel times. Please keep to speed limits and follow the directions of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please call the project manager George Elhage on 1800 572 004 (during business hours) or email pinchpoints@rms.nsw.gov.au. For more information on our projects, visit rms.nsw.gov.au.

Thank you for your patience during this important work.
