

Investigation work on Henry Lawson Drive, Milperra from Wednesday 5 December

The NSW Government is delivering upgrades to reduce congestion and improve safety and connectivity on Sydney's roads.

Roads and Maritime Services will carry out investigation work for the upgrade of Henry Lawson Drive. The work will include locating underground utilities to inform the design for the project.

Our work area will be along Henry Lawson Drive between Tower Road and the M5 Motorway. We will also work on Milperra Road between Ashford Avenue and Henry Lawson Drive.

Our work schedule

We will be on site for up to **eight day shifts and ten night shifts** between **Wednesday 5 December** and **Thursday 31 January**, weather permitting. Our day work hours will be between **7am** and **6pm** from **Monday to Friday** and **8am to 1pm** on **Saturday**. Our night work hours will be between **8pm** and **5am** from **Sunday to Thursday**.

No work will be carried out during the holidays from Saturday 22 December 2018 to Wednesday 2 January 2019.

How will the work affect you?

Our work may be noisy at times but we will do everything we can to minimise its impact, including completing the noisier tasks by **midnight**.

We will stage the night work so you will not be affected for more than two consecutive nights or for more than six nights in a month.

Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe.

Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions or concerns about the night work, please contact our project team on 1800 951 218 or HenryLawsonDrive@rms.nsw.gov.au.

For more information on our projects, visit rms.nsw.gov.au.

Thank you for your patience during this important work.
