

Hume Highway and Miller Road, Bass Hill: Project completion

The NSW Government has funded this project as part of its \$246 million Pinch Point and Clearways Program which aims to reduce traffic delays, manage congestion and improve travel times on Sydney's major roads.

Roads and Maritime Services finished major construction to improve traffic flow on the Hume Highway onto Miller Road in December 2016.

The project will increase capacity for cars turning right from the Hume Highway into Miller Road.

The completed work includes:

- widening the Hume Highway on the southern side, including removal of trees, to provide an extra right turn lane into Miller Road
- relocation of underground utilities
- relocation of an existing bus stop on Miller Road and removal of associated parking in order to extend the merge lane along Miller Road (catering for the extra right turn lane from the Hume Highway)
- adjustments to existing traffic lights
- re-instatement of existing and installation of new hard and soft landscaping, including tree planting, on the Hume Highway
- line marking.

We have included a photograph of the completed work.

During the coming months, the project team will complete the final stages including landscaping and other minor work.

This work will take **six shifts** to complete between **Sunday 19 March** and **Sunday 9 April**, weather permitting. Our working hours will be between **8pm** and **5am** from **Sunday** to **Friday**.

Thank you for your patience throughout construction. Your support is important as we continue to deliver safer and more efficient journeys throughout NSW.

Contact

If you have any questions about this work, please contact our delivery partner, Ventia Boral Amey Joint Venture, on 1800 677 700 or nswenquiries@vbajv.com.au.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App. For more information on our projects, visit rms.nsw.gov.au.
