

Night work at the intersection of the Hume Highway and Miller Road, Bass Hill from Sunday 8 May

The NSW Government is funding this important project as part of its \$246 million Pinch Point Program, which aims to reduce traffic delays, manage congestion and improve travel times on Sydney's major roads, particularly during weekday peak periods.

Roads and Maritime Services sought feedback from the community and stakeholders in November 2015 on a proposal to work up to five nights a week for four months and carry out noisier work until midnight.

No concerns about the proposed work schedule were raised and we have decided to proceed with our proposal.

We will carry out **35 night shifts** between **Sunday 8 May** and **Thursday 8 September**, weather permitting. Our night shift hours will be from **8pm to 5am**, excluding **Saturdays**.

We will also be working during the day from **7am to 6pm** between **Mondays and Fridays** and from **8am to 1pm** on **Saturdays**.

How will the work affect you?

There will be noise associated with this work but we will make every effort to minimise its impact, including doing the noisier work during the day shifts and by **midnight**.

We have included a table of the type of equipment we will use and our planned activities.

| Noisier construction | Less noisy construction |
|----------------------|--|
| Saw-cutting concrete | Removing asphalt |
| Jack-hammering | Loading trucks with excavated material |
| Breaking up concrete | Reversing alarms |
| Wood chipping | Compacting new road layers |
| | Laying new concrete |
| | Line marking |

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe.

Lane closures will be in place and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

What happens next

The work to deliver this project includes:

- Widening the Hume Highway on the southern side to provide the extra right turn lane into Miller Road
- Extending to 125 metres a merge lane along Miller Road to allow entry for the extra right turn lane
- Relocating the existing bus stop northbound on Miller Road to 50 metres north of its present location
- Removing 16 trees and replacing them at a nearby location in collaboration with Bankstown Council and the Remembrance Driveway Committee
- Removing 12 parking spaces on Miller Road.
