Start of work on Narellan Road and Appin Road, Campbelltown, from Tuesday, 17 April

The NSW Government is funding this proposal as part of its $300 million Urban Roads Pinch Points Program, which aims to reduce congestion and improve travel times on Sydney’s busiest road corridors.

Roads and Maritime Services will be starting preliminary site work on Narellan Road and Appin Road intersection upgrade including the relocation of existing Telstra services.

In April 2017 we invited feedback on the proposal and in June 2017 notified the community and stakeholders that we would be proceeding with the project.

The benefits include:

- Increased capacity of the intersection and reduce congestion
- Reduce travel times, particularly in peak hours
- Improve traffic flow at this intersection and approaches
- Improved safety for pedestrians and road users.

Our work schedule

The proposal will be carried out in two stages. See map overleaf.

**Stage 1: Tuesday, 17 April, 2018** - Telstra relocation works commence. This will require the removal of one section of the vegetated area.

**Stage 2: June 2018** - Road works commence. This will require further removal of vegetation.

Some of the vegetation within the proposal area is considered part of the Cumberland Plain Woodland vegetation community. Restorative landscaping will be carried out in the area adjacent to the works, using plant species from this vegetation community type.

We will be on site to carry out the Telstra relocation works for 20 night shifts and 20 day shifts between *Tuesday, 17 April* and *Friday, 22 June*, excluding public holidays, weather permitting. Our night work hours will be between 8pm and 5am from *Sunday* to *Friday*. Our day work hours will be between 7am and 6pm from *Monday* to *Friday* and between 7am and 1pm on *Saturday*.

How will the work affect you?

Our work may be noisy at times, however we will do everything we can to minimise its impact, including completing noisier activities by midnight.
Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe.

Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers’ directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact Johnny Curran, project manager, during business hours, on 1800 572 004 or pinpoint@rms.nsw.gov.au.
