

New and extended clearways on The Horsley Drive

Roads and Maritime Services | October 2018

The NSW Government is delivering faster, easier and safer travel on Sydney's roads.

From **Monday 29 October 2018**, new weekend and extended weekday clearways will be operational on The Horsley Drive between Cumberland Highway, Smithfield and Hume Highway, Carramar. The clearway hours and location are shown on the map.

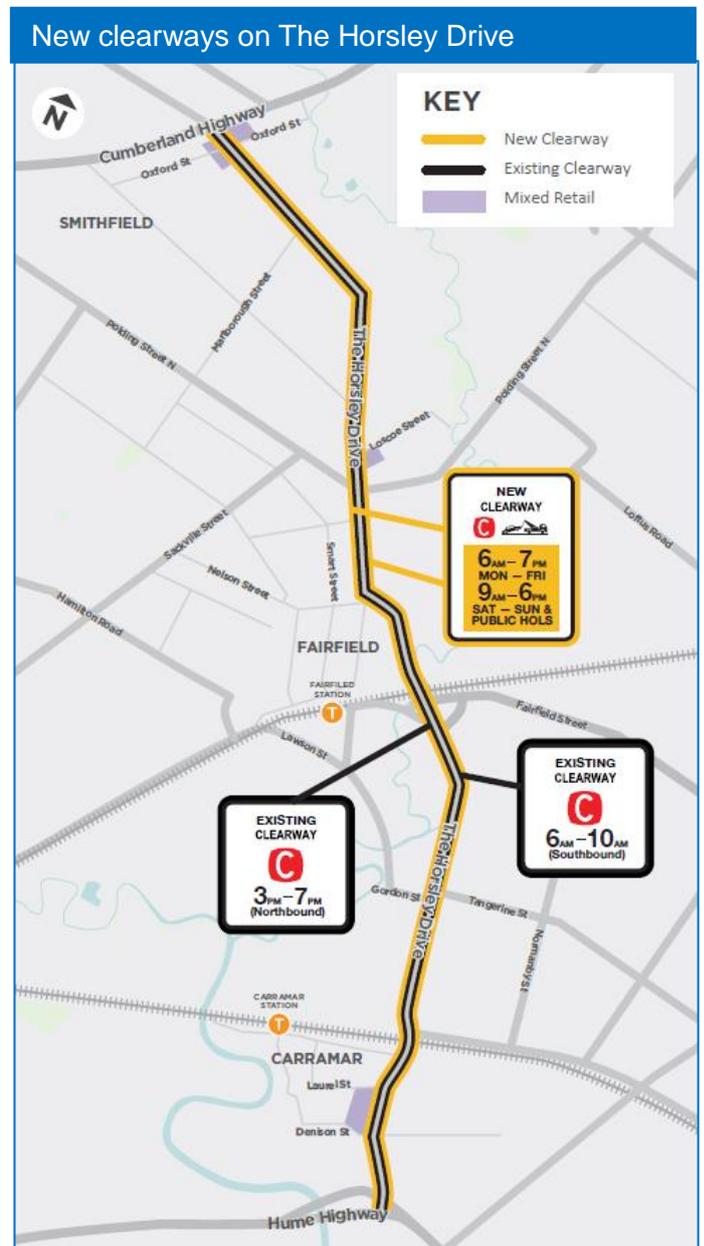

Existing 'No Parking' and 'No Stopping' parking restrictions and sections of unrestricted parking will continue to operate outside the clearway hours. Bus zones will continue to operate with no change.

Clearways help **improve journey times** for up to 42,000 motorists travelling on this section of The Horsley Drive every day by making available an additional lane to traffic during clearway hours, allowing motorists to get to reach their destination sooner.

Community Feedback

In August 2018, Roads and Maritime Services engaged with the community, businesses and key stakeholders about introducing new weekend and extended weekday clearways along this corridor.

We asked the community for feedback in a number of ways including the distribution of letters to residents and local businesses and key stakeholders. We also doorknocked local businesses and contacted key stakeholders and held an Information Kiosk at Neeta City Shopping Centre, Fairfield. Additionally, we posted on Facebook to inform motorists and the broader community. During the engagement period, we received four enquiries and we responded to each member of the community directly.

What happens next?

After considering all the feedback received, Roads and Maritime will progress with installing the new and extended clearways on The Horsley Drive between Cumberland Highway, Smithfield and Hume Highway, Carramar.

The new clearway signs and posts will be installed between **Monday 22 October** and **Sunday 28 October 2018** (weather permitting). Our working hours will be between 8pm and 5am from Monday to Sunday. The new and extended clearways will be operational from **Monday 29 October 2018**.

How will the work affect you?

There will be some noise associated with this work but we will do everything we can to minimise the impact, including completing noisier tasks by 11pm.

During the installation work, there will be some temporary traffic changes to ensure the work zone is safe. Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call **132 701**, visit livetraffic.com or download the Live Traffic NSW App. If you have any questions about the installation works, please contact our delivery partner, **DM Roads** on **1800 332 660**.

As a resident or visitor, what does this mean for me?

The new clearways will change the ability to park or pick up and drop off family, friends and deliveries in front of properties along The Horsley Drive. If you currently live or visit this section of The Horsley Drive, you will need to reconsider where to park during the clearway hours.

If you do not have a driveway, garage or carport on your property, local streets are available for you to park during the clearway hours subject to any council restrictions. Outside the clearway hours, existing parking restrictions will remain in place.

What is a clearway?

A clearway is a section of road where stopping and parking is not allowed during the times shown on the clearway sign.

Clearways are put on key arterial roads where traffic is often heavy and congested. They help keep vehicles moving by making all lanes available to motorists. The only exception is the stopping of buses and taxis dropping off or picking up passengers as well as emergency vehicles and postal vehicles accessing a public post box.

If you park in a clearway during the clearway hours, you risk being fined and your vehicle can be towed. To report a vehicle parked in a clearway or if your vehicle has been towed from a clearway, please call the Transport Management Centre on **131700**.
