Night work and traffic changes on Bringelly Road between The Northern Road and Kelvin Park Drive, Bringelly from Friday 19 January 2018

The Australian and NSW governments are jointly funding this work as part of the $3.6 billion Western Sydney Infrastructure Plan.

As part of the Northern Road and Bringelly Road upgrades, Roads and Maritime Services is carrying out work to build the new interchange at Bringelly, this work includes barrier installation, tree clearing, relocating services, piling and concreting.

For the safety of motorists, Bringelly Road near Kelvin Park Drive and the intersection of The Northern Road will be closed until mid-2019 while we carry out this work. To minimise impacts to motorists a temporary access road will be built next to Bringelly Road for the duration of the closure and motorists will be diverted onto the access road.

Our work schedule

To minimise impacts to motorists, traffic will be switched to the temporary access road at night between 6pm and 7am on Friday 19 January 2018, weather permitting. Asphalt paving work will be carried out to tie in the temporary access road to Bringelly Road.

We have included a map to show the traffic changes, location of night work and a temporary traffic detour.

How will the work affect you?

Our work may be noisy at times, but every effort will be made to minimise the impact on residents and businesses.

Traffic changes

A temporary traffic detour will be in place during the night work to ensure the work zone is safe.

- Motorists travelling west on Bringelly Road to The Northern Road will turn left at Jersey Road and right at Carrington Road.
- Motorists travelling to Bringelly Road from The Northern Road will turn into Carrington Road and left at Jersey Road.

Access for residential properties will be maintained during the work.

Traffic control and signage will be in place and motorists are asked to take extra care, and observe all traffic signs when travelling through work areas.
Please keep to displayed speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact our delivery partner Lendlease, on 1800 870 665 or tnrbru2.community@lendlease.com. For more information on our projects, visit http://www.rms.nsw.gov.au/projects/western-sydney. Thank you for your patience during this important work.
