Work continues on The Northern Road upgrade, between Mersey Road and Eaton Road

Roads and Maritime Services is upgrading The Northern Road, between Mersey Road, Bringelly and Eaton Road, Luddenham.

Work completed to date includes:

- removing buildings
- clearing vegetation
- installing fencing
- building new temporary roundabouts on The Northern Road.

We have also made significant progress on the major earthwork required along the new route for the road.

Location of work on The Northern Road between Mersey Road and Eaton Road
Upcoming work
In the next few months, we will continue with:

- major earthwork
- stormwater drainage
- utility adjustments
- building new sections of the road.

You will also notice more work around the Luddenham shops and on Eaton Road.

Our hours of work are **7am to 6pm, Monday to Friday** and **8am to 1pm on Saturdays**. If we need to work outside these hours we will notify you.

Some utility adjustments may impact private property, in which case you will be notified directly by the utility company carrying out the work.

How will the work affect you?
Our work may be noisy at times and will involve loading and unloading trucks, excavation and asphalting equipment. Every effort will be made to minimise impact to residents by:

- working during normal working hours, where possible
- adapting our construction methods to reduce work impact as much as possible
- monitoring noise.

Traffic changes
Eaton Road will be closed to form a cul-de-sac at the boundary of the new The Northern Road. However, we will ensure resident and emergency vehicle access is maintained at all times.

With new roundabouts now operational, we ask that road users take care when approaching the roundabouts and are aware of vehicles entering and exiting construction areas.

Traffic control will be in place to guide motorists around the work, which may affect travel times. Please keep to speed limits and follow the direction of detour signs and traffic controllers. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.
