Night work on The Northern Road between Thames Road and Solway Road, Bringelly from Tuesday 1 May

The Australian and NSW governments are jointly funding this work as part of the $3.6 billion Western Sydney Infrastructure Plan.

Roads and Maritime Services is building a new bridge over Thompsons Creek as part of The Northern Road and Bringelly Road upgrades.

This work will take place between 6am and 6pm from Tuesday 1 May to Friday 18 May 2018, weather permitting.

During this period, there will be up to five nights where equipment for the work will be delivered to Thompsons Creek between midnight and 7am.

We have included a map to show the location of the work.

How will the work affect you?

The equipment will be delivered at night by trucks and there will be some noise from the trucks and offloading of equipment. No construction will take place at night.

Building the new bridge may be noisy at times, but every effort will be made to minimise the impact on residents and businesses.

Traffic changes

Temporary traffic changes and lane closures will be in place to ensure the work zone is safe during night work. Motorists are asked to take extra care, keep to displayed speed limits and observe traffic controls and signage when travelling through work areas.
