Changed traffic conditions on The Northern Road between Thames Road and Badgerys Creek Road, Bringelly from Thursday 7 February

The Bringelly and The Northern Road upgrades will provide easier, faster and safer travel for motorists in western Sydney.
Our work

Roads and Maritime Services is continuing work on stage two of The Northern Road upgrade, between Peter Brock Drive and Mersey Road. We have completed more than 400 metres of the new northbound lanes of The Northern Road between Thames Road and Badgerys Creek Road.

Traffic will be moved on to the new section of The Northern Road on Thursday 7 February 2019, weather permitting.

The new northbound bridge over Thompsons Creek will be opened for both northbound and southbound traffic.

Traffic changes

The Solway Road intersection at The Northern Road will be opened. All turning movements will be permitted until the project is completed in 2020 when only left in, left out turning movements will be permitted at the intersection. Access to Lea Road will continue.

The bus stop on The Northern Road near Badgerys Creek Road will be moved temporarily to enable construction of the southbound lanes. The temporary bus stop will be located opposite Thames Road, 500 metres to the south of the existing bus stop until the end of 2019. To access the bus stop a pedestrian path will be provided from Dart Road to the traffic lights at Bringelly Road.

Please keep to the speed limits, follow the signs and traffic controllers’ directions.

Contact

If you have any questions, please contact our delivery partner Lendlease, on 1800 870 665 or tnrbru2.community@lendlease.com. For more information on our projects, visit http://www.rms.nsw.gov.au/projects/western-sydney.

Thank you for your patience during this important work.

Western Sydney Infrastructure Plan

The Northern Road and Bringelly Road upgrades are part of the Western Sydney Infrastructure Plan (WSIP), a $3.6 billion road investment program for western Sydney. WSIP will deliver major road infrastructure upgrades to support integrated transport for the region and capitalise on the economic benefits from developing the Western Sydney Airport.
