Our work

Roads and Maritime Services is building a temporary access road on The Northern Road, Bringelly between Belmore Road and Robinson Road. We will also install a temporary roundabout at the Robinson Road intersection to improve safety for road users while The Northern Road is being widened.

Traffic will be moved on to the temporary access road and roundabout from Thursday 21 February 2019, weather permitting. All turning movements will be permitted at the roundabout.

At the completion of the road upgrade in 2020, the intersection of The Northern Road and Robinson Road will be located 400 metres further south and the existing intersection will become a cul-de-sac.

Traffic changes

We have included a map to show the location of the new temporary roundabout and changes to traffic flow.

There will be temporary traffic changes to ensure the safety of workers and motorists. Please keep to speed limits, follow detour signs and traffic controllers’ directions.
