Building a better Dubbo
Road work, that works for you

Mitchell Highway (Cobra Street) and Fitzroy Street intersection upgrade

The NSW Government is investing $14 million to upgrade the Mitchell Highway (Cobra Street) and Fitzroy Street intersection to improve safety and efficiency.

The roundabout at the intersection will be replaced with traffic lights to improve road safety and traffic efficiency. This route is a vital part of the road network through Dubbo and the surrounding region.

The upgrade will reduce congestion for highway and local traffic, particularly during peak hours.

Project features
The Mitchell Highway (Cobra Street) and Fitzroy Street intersection upgrade includes the following features:

- Traffic lights will replace the existing roundabout
- New pedestrian crossings on all four sides of the intersection, with foot ramps to improve wheelchair and pram access
- Widened intersection to improve traffic flow
- Relocating some underground service utilities and overhead power
- Improvements to street lighting
- Improvements to road quality

Drop in sessions
We recognise the importance of community feedback and are inviting the community to have its say on the design of the New Dubbo Bridge and the environmental assessments. We are also inviting you to view the proposed designs for the Newell Highway and Mitchell Highway intersection upgrade and the Mitchell Highway (Cobra Street) and Fitzroy Street intersection upgrade at the following locations:
