Night road closures on Moss Vale Road at Barrengarry Mountain on Tuesday 10 and Wednesday 11 March

The NSW Government is carrying out this maintenance work to improve safety for road users.

Transport for NSW will carry out essential maintenance work including vegetation maintenance, drain clearing and signage repairs to ensure the safety of road users.

Moss Vale Road will be closed for two nights between Myra Vale Road and Bunkers Hill Road at Barrengarry Mountain. We will be working between 8pm and 4am on Tuesday 10 and Wednesday 11 March, weather permitting.

Traffic controllers will be in place to direct traffic at each end of the closure and at the intersections.

How will the work affect you?

Residents will have access to their properties at all times and should approach traffic controllers for assistance.

There will be some noise and lighting associated with this work. Where possible we will complete noisier work before midnight and direct lighting away from residences.

Traffic changes

Detours will be in place via the Illawarra Highway, Macquarie Pass and the Princes Highway and motorists should allow an additional 80 minutes travelling time.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Thank you for your patience while we carry out this essential work.
