

Out of hours work on the Princes Highway at Batemans Bay on 19 and 20 August 2019 and opening of temporary new road

As part of the Batemans Bay Bridge replacement, Roads and Maritime Services is building a temporary new road on the Princes Highway at Batemans Bay. On the nights of Monday 19 and Tuesday 20 August 2019, asphaltting and line marking will take place between North Street and Clyde Street. The temporary new road is planned to open from Wednesday 21 August, weather permitting.

What are we doing?

Up to two nights of work will be required for us to complete construction of a temporary new road on the Princes Highway in Batemans Bay that will allow space for us to build the southern approach to the new bridge.

This night work will be carried out outside the standard construction hours to minimise impacts to motorists during the day.

Asphaltting and line marking will take up to two nights to complete on Monday 19 and Tuesday 20 August 2019. The temporary new road is planned to open from Wednesday 21 August, weather permitting.

Weather permitting, asphaltting will only be carried out on the first night using heavy plant and equipment including an asphalt paving machine, milling machine, vibrating rollers, asphalt delivery trucks and road sweeper truck.

Asphaltting will include regular heavy truck movements to and from the activity location. Bobcats, lighting equipment and various heavy and light vehicles will also be required during these activities. The asphaltting will be followed by line marking, traffic signage installation and barrier placement on the following night, weather permitting.

Noise impacts will be most noticeable during asphaltting and will be minor during line marking, signage installation and barrier placement. Noise from the activities will impact residents of Clyde Street, Wharf Road and Peninsula Drive, with more minor impacts noticed by residents adjacent to these streets.

Out of hours work

This out of hours work will occur across two nights between **6pm and 7am** on **Monday 19 and Tuesday 20 August 2019**, weather permitting.

The activities will be carried out outside the standard construction hours to minimise impacts to Princes Highway motorists during the day.

Where will this work occur?

This work will take place on the Princes Highway in Batemans Bay between Clyde Street and North Street.
