

Night work on Pestells Lane overpass from Monday 14 September

The NSW Government is upgrading the Princes Highway between Berry and Bomaderry to improve safety, increase road capacity and improve traffic flow.

What are we doing?

We will be installing safety screens on Pestells Lane overpass from **Monday 14 September** for up to two nights, weather permitting.

This night work will be carried out between **6pm** and **5am** to minimise impacts to motorists.

Should the work need to be postponed, new dates will be advertised on variable message signs and on the project website.

How will the work affect you?

There may be some noise and light associated with this work however we will make every effort to minimise disruption to residents with noisier work to be completed by midnight where possible.

For the safety of motorists and our workers there will be stop/slow traffic control and 40km/h speed limits in place on the Princes Highway

Motorists are advised to drive to the conditions and follow the directions of signs and traffic control.

Transport for NSW thanks the community for their patience during this time.
