

## Changed traffic conditions on Boxsells and Pestells Lanes from Monday 3 February

The NSW Government is upgrading the Princes Highway between Berry and Bomaderry to improve safety, increase road capacity and improve traffic flow.

### What are we doing?

We will be starting extensive drainage and paving works on the Princes Highway at the intersections of Boxsells Lane and Pestells Lane from **Monday 3 February**.

The work will take up to 16 weeks across both locations and will require detours for residents of Boxsells Lane, Elliott Lane, Grahams Road, Red Cedar Lane and Pestells Lane.

### How will the work affect you?

Access in and out of Boxsells Lane will be closed 24/7 from **Monday 3 February** for up to eight weeks, weather permitting. Residents will need to detour via Pestells Lane to access the Princes Highway during this time. There will be no change to the bus stop or pedestrian access at Boxsells Lane.

Once work is complete at Boxsells Lane and access re-opened, the project team will move to the intersection of Pestells Lane where access to the Princes Highway there will be closed for up to eight weeks. Residents will need to detour via Boxsells Lane to access the Princes Highway during this time.

Electronic signs will be in place before and during these works to advertise specific locations, dates and detour information in advance.

Motorists are advised to drive to the conditions and follow the directions of signs and traffic control.

For the latest traffic updates call 132 701, visit [livetraffic.com](http://livetraffic.com), or download the Live Traffic App.

We thank you for your patience during this important work.
