OCTOBER 2013

Dear householder

Re: Princes Highway upgrade, Berry to Bomaderry - Croziers Road.

As you may be aware a number of concerns about the proposed future access arrangements at Croziers Road have been raised. These were discussed at an on-site meeting with the community on 4 July 2013.

Please find attached an overview of the issues raised and Roads and Maritime's investigations and response. This includes Roads and Maritime's analysis of a request for an overpass at Croziers Road.

The project team will be at the Berry project office (located at Broughton Court, shop 3/113 Queen Street, Berry), on Thursday 17 October 2013 from 10am to 4pm to discuss any concerns. Draft 3D representations of possible overpass layouts will also be available for viewing.

Please feel free to visit the project office or if you would prefer to make an appointment, please call the project information line on 1800 506 976 (free call) or email berrytobomaderryupgrade@rms.nsw.gov.au.

Roads and Maritime is working hard to listen to, understand and where possible reflect the needs of the community in its final concept design. The review of environmental factors and proposed concept design are expected to be displayed for comment in late 2013. At this time you will have further opportunity to comment and make a formal submission.

I look forward to discussing this matter with you in more detail.

Yours sincerely

Nick Boyd
Project Development Manager
