

## Princes Highway closure and night work between Meroo Road and Abernethys Lane, Berry to Bomaderry upgrade

The NSW Government is upgrading the Princes Highway between Berry and Bomaderry to improve safety, increase road capacity and improve traffic flow.

### What are we doing?

We will be installing new Australian weathering steel bridge girders over the highway between Pestells Lane and Meroo Road from 4-19 December 2019.

The work will be done between 7pm and 5am to minimise the impacts on highway traffic and requires the complete closure of the Princes Highway for one night (weather permitting).

### How will it affect you?

There will be some noise associated with the work and traffic will be detoured via Meroo Road, Railway Street and Bolong Road, Bomaderry to re-join the Princes Highway. Residents of Pestells Lane will also be detoured via Boxsells Lane during this work.

The detours are expected to add about 6-8 minutes travel time in each direction. Detour signs and traffic controllers will be in place during the work. A map of the detours is provided over the page.

Once the girders are in place, there will be approximately 13 nights of partial closures (weather permitting) where traffic will alternate on one lane while work continues welding girder segments together and installing the bridge walkways.

Traffic control with speed reductions and short-term stoppages will be in place and motorists are advised to drive to the conditions and follow the directions of signs and traffic control.

Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates call 132 701, visit [livetraffic.com](http://livetraffic.com), or download the Live Traffic App.

We thank you for your patience during this important work.
