

Night work on the Pestells Lane Overpass from Tuesday 19 May

The NSW Government is upgrading the Princes Highway between Berry and Bomaderry to improve safety, increase road capacity and improve traffic flow.

What are we doing?

We will be removing the temporary walkway on the Pestells Lane Overpass from **Tuesday 19 May** for up to two nights, weather permitting.

Work will be carried out between **6pm** and **5am** to minimise impact to motorists.

Should the work need to be postponed, new dates will be advertised on variable message signs and on the project website.

How will the work affect you?

There may be some noise and light associated with this work as it will include the use of lighting towers, cranes, generators, hand tools and trucks. We will make every effort to minimise disruption to residents with noisier work to be completed by midnight where possible.

For the safety of motorists and our workers one of two lanes on the Princes Highway will be closed and stop/slow traffic control will be in place along with a 40km/h speed limit.

Motorists are advised to drive to the conditions and follow the directions of signs and traffic control.

Transport for NSW thanks the community for their patience during this time.
