

# Traffic arrangements at Turners Lane, Morschells Lane and Devitts Lane

The NSW Government is upgrading the Princes Highway between Berry and Bomaderry to improve safety, increase road capacity and improve traffic flow.

## What are we doing?

The Berry to Bomaderry project is preparing to move traffic onto newly constructed sections of highway between Ison Lane and Abernethys Lane in October 2020. When this change takes place, there will be access changes to a number of local roads, including Devitts Lane, Morschells Lane and Turners Lane.

## How will the work affect you?

From **Wednesday 7 October** access to Devitts Lane, Morschells Lane and Turners Lane will be via the newly constructed Devitts Lane highway entry/exit ramp.

Morschells Lane can then be accessed from the new highway underpass while Turners Lane will be accessed by travelling north from the underpass on the old highway alignment, as shown in the diagram over the page.

Morschells Lane access will remain in this arrangement for up to 12 months. Turners Lane access will remain in this arrangement for up to eight months while the Turners Lane highway exit is constructed.

Please keep to speed limits and follow signs and traffic controllers' directions.

For the latest updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

## Contact

If you have any questions, please contact the project team on 1800 506 976 or [berrytobomaderryupgrade@DSWJV.com.au](mailto:berrytobomaderryupgrade@DSWJV.com.au).
