

Night work on Princes Highway at Meroo Meadow from Monday 30 March

The NSW Government is upgrading the Princes Highway between Berry and Bomaderry to improve safety, increase road capacity and improve traffic flow.

What are we doing?

We will be installing the walkways and bridge deck of the new Pestells Lane/Meroo Road overpass from **Monday 30 March 2020** for up to four nights, weather permitting.

Work crews will start setting up from 6pm and our work hours will be between **7pm** and **5am** to minimise the impact to motorists on the Princes Highway.

How will the work affect you?

There will be some noise associated with this work but we will make every effort to minimise disruption to residents. The work will involve the use of cranes, generators, a forklift, lighting towers, heavy and light vehicles as well as hand tools.

Should the work need to be postponed due to bad weather, new dates will be advertised on variable message signs along the upgrade and on the project website.

Traffic changes

One lane will be closed on the Princes Highway at the work site during work hours and a reduced speed limit of 40km/h in place for the safety of workers and motorists. Motorists are advised to drive to the conditions and follow the directions of signs and traffic control.

For the latest traffic updates call 132 701, visit livetraffic.com, or download the Live Traffic App.

We thank you for your patience during this important work.
