

Road improvements on Big River Way at Coldstream, starting Monday 9 November

The NSW Government is providing funding to support communities and jobs in response to the coronavirus outbreak. As part of the Supporting NSW Economic Stimulus Package, Transport for NSW is bringing forward a range of infrastructure projects and activities across regional NSW designed to support employment and boost business across the state. This \$1.5m project on Big River Way will help deliver investment and strengthen the local community.

Transport for NSW is carrying out work on Big River Way to rebuild the road at Coldstream, just south of Tyndale.

Work will take place to rebuild and resurface the pavement and widen the road median on a one kilometre section of road.

We have included a map to show the location of the project.

We will be working from Monday 9 November from **7am to 6pm Monday to Friday**, and **8am to 1pm Saturday**. The project is expected to take six weeks, weather permitting.

We will let you know in advance if we need to work outside these times.

KEY —

Work area on Big River Way at Coldstream, just south of Tyndale

How will the work affect you?

The work will involve the use of machinery which will generate some noise and vibration. We will make every effort to minimise noise by turning machinery off when not in use, positioning machinery away from residential areas and where possible start noisy activities later in the morning.

Access to properties in the area will be maintained at all times.

Traffic changes

There will be some temporary traffic changes to ensure the work area is safe.

In the work areas, traffic will be reduced to one lane with a reduced speed limit in place, with minor delays of up to five minutes expected.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact our Project Engineer, Daniel Quinn on 02 6642 9954 and Daniel.Quinn@transport.nsw.gov.au

Thank you for your patience during this important work.
