

Project update for intersection improvements on Bigge Street and the Hume Highway, Warwick Farm

The NSW Government is funding this \$9 million proposal as part of its \$246 million Pinch Point Program, which aims to reduce congestion, improve traffic flow and maintain travel times on Sydney's main roads, particularly during weekday peak periods.

Roads and Maritime Services sought community feedback on a proposal to widen Bigge Street and the Hume Highway in May and September 2015.

Following a review of the comments, we have prepared a Community Consultation Report, which summarises the feedback and our responses.

We received comments from four people in May and one person and one organisation in September. Key points raised include loss of parking and increased traffic volumes and noise. We would like to thank everyone who took time to consider our proposal and provide feedback.

A copy of this report is available by contacting DownerMouchel on 1800 332 660 or email enquiries_nsw@downermouchel.com.

What happens next?

Following a review of feedback, we have decided to proceed with the proposal without changes.

We expect to start construction in mid-2016 and will notify the community and stakeholders before construction starts. The work will involve:

- Vegetation removal
- Utility relocations
- Earth and drainage work
- Road and footpath construction
- Landscaping, fencing, line marking and installing signs.

We have included a map to help explain the proposal.
