The NSW Government is investing in easing congestion and improving travel time on Sydney’s key corridors.

High volumes of traffic currently travel through the Canterbury Road and New Canterbury Road intersection at Dulwich Hill and Hurlstone Park.

This project aims to reduce waiting times for vehicles turning right from Canterbury Road onto New Canterbury Road.

Key benefits
- Improve traffic flow at the intersection.
- Improve road safety and help reduce the number of crashes.
- Ease congestion and improve travel time reliability.

What’s happening next?
- Night work will continue along Canterbury Road and New Canterbury Road
- Continued relocation of utilities and services
- Demolition of existing footpaths and kerbs to allow for relocation of underground services
- Demolition of the median island
- Modification of traffic lights and signs
- Construction of new footpath, kerb, road surface and pedestrian crossing
- New line marking.
Traffic changes
There will be temporary traffic changes during our work to ensure the work zone is safe.
Traffic management and signs will be in place to assist motorists with the changed conditions.
Pedestrian access will be maintained at all times, although temporary detours may be in place.
Please keep to speed limits and follow signs and traffic controllers’ directions.
For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Work to date
Since our last project update we have completed:
- installation of signs and barriers
- surveying activities
- environmental investigations
- stormwater line construction
- utilities and services relocation.

Our work schedule
Between June and July 2019 we will be working five nights and six days a week, weather permitting.
Our standard night work hours will be between 8pm and 5am from Sunday to Thursday.
Our day work hours will be between 7am and 6pm from Monday to Friday and between 8am and 1pm on Saturday.
Work will not be carried out on public holidays

How will the work affect you?
Our work may be noisy at times but we will do everything we can to minimise its impact, and complete the noisier activities by midnight.
Thank you for your patience during this important work.
