

Environmental investigations in Kincumber from Monday 16 October 2017

The NSW Government is providing \$1.5 million in 2017/18 for planning and design of a proposed roundabout upgrade at the intersection of Empire Bay Drive, The Scenic Road and Cochrone Street, Kincumber.

Roads and Maritime will carry out environmental investigations in your area to continue to plan the proposed intersection upgrade. The work will include hand drilling to take soil and water samples, setting of a temporary well and general assessment of ground conditions.

We will carry out the investigations in bushland at the site of the former mineral sands processing centre at the corner of Empire Bay Drive and Cochrone Street, Kincumber.

The investigations will be carried out during the day from **Monday 16 October** to **Friday 27 October 2017**, weather permitting. Work will not be carried out on weekends. Specialist field staff will carry identification at all times and take necessary safety precautions.

How will the work affect you?

There will be some minor noise associated with this work. We will make every effort to minimise noise during the investigations. We will continue to keep you informed as planning progresses.

Contact

If you have any questions contact Roads and Maritime Senior Project Manager Craig Leckie on 4394 6206 during business hours or central.coast.office@rms.nsw.gov.au. For more information on this proposal, visit rms.nsw.gov.au/empirebaydrive.

Thank you for your patience during this important work.
