Work continuing at the intersection of Beecroft Road and Carlingford Road, Epping (Epping Town Centre, Project 1)

The NSW Government is funding this project through the Housing Acceleration Fund to improve traffic flow and reduce congestion to support population growth in the area in the future.

Roads and Maritime Services is continuing to carry out this work, which includes relocating utilities and constructing a retaining wall in the area between Beecroft Road and Railway Lane.

Work to establish a site compound on Forest Grove will start on Monday 10 October. Work needed to establish the site compound includes:

- Demolishing the property at 2 Forest Road, Epping and removing vegetation around the property
- Installing a semi-permanent fence around 2 and 4 Forest Grove, Epping
- Rebuilding the driveway at 2 Forest Grove, Epping to allow access for trucks.

After the compound is created the site will be used for storing materials, with truck movement in and out of the property during the day and night.

We have included a map to help explain the location of the site compound.

What happens next?

The work to establish the site compound will take 5 shifts to complete between Monday 10 October and Friday 11 November, weather permitting. Our working hours will be from 7am to 5pm.
