

F6 Extension Stage 1 – Geotechnical investigations

The NSW government is progressing with the development of the F6 Extension Stage 1 between the New M5, Arncliffe and President Avenue, Kogarah.

Roads and Maritime Services is carrying out geotechnical investigation work to gather information about the ground conditions within the project area. Our advisors have selected several sites between Arncliffe and Kogarah. We have included a map to show the approximate location of the investigation work on Pitt Street, Rockdale.

Roads and Maritime will place signage on the street from **Friday 12 January, 2018** to show the location of the on street parking restrictions that will be in place while the work is being carried out. The investigation work will start **from Monday 15 January** and will be completed by **Thursday 25 January, 2018** (weather permitting). The work will take place between **7am and 6pm** from **Monday to Friday** and on **Saturdays** between **8am and 1pm, excluding public holidays**. The work will take about one week to complete.

How will the work affect you?

Temporary fencing and traffic cones will be in place for the duration of the drilling work.

The work includes drilling a borehole and extracting soil samples using borehole drilling equipment. The work requires light vehicles and a trailer mounted generator. Heavy vehicles will not be used.

There may be some noise associated with this work. We will do everything we can to minimise its impact, and we will try to minimise the disturbance to the local community.

The location of these tests does not indicate a possible alignment. The work is designed to gather information about rock strata and conditions deep below the ground.

Traffic changes

There will be some temporary traffic changes during our work hours to ensure the work zone is safe.

Lane and footpath closures will be in place and may affect travel times. For the duration of the work, Pitt Street between Cameron Street and Gibbes Street will be open to eastbound traffic only.

Parking restrictions will be in place from **Monday 15 January 2018**, until the work has been completed.

Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit www.livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions please call our project team on 1800 789 297 during office hours (8:30am to 5pm Monday to Friday) or email F6Extension@rms.nsw.gov.au Thank you for your patience during this important work.
