TINDALLS LANE OVERBRIDGE

JULY 2014

Artist's impression – view of overbridge from Princes Highway looking south

- Tindalls Lane overbridge will be built using a cast-in-place 'box girder' technique.
- The bridge will be approximately 50 metres long and 12 metres wide.
- The bridge will carry one lane of traffic in each direction.

- Anti-throw/safety screens will be integrated with the traffic barriers.

Changes from Approved Concept Design:

- No changes.
