

Intersection upgrade work in Croydon Park starting Sunday 31 March

Map of the work area

Heavy traffic on Georges River Road causes congestion and delays for road users. To improve traffic flow we will make changes to Portland Street and Lees Avenue.

Roads and Maritime Services will start construction to upgrade the intersection of Georges River Road, Portland Street and Lees Avenue at Croydon Park on **Sunday 31 March** and will finish our work by **late June**, weather permitting.

To build the upgrades, shown in the map above, we will need to demolish the existing concrete median on Lees Avenue, remove and replace the top layer of the road, install new signs and paint new line markings for the improved intersection layout.

This work may be noisy at times but we will do everything we can to minimise its impact, including completing noisier tasks by **midnight**.

Our work schedule

We will be on site for up to **20 night shifts** between **Sunday 31 March** and **late June**, excluding public holidays, weather permitting.

Our night work hours will be between **9pm** and **5am** from **Sunday to Thursday**.

Contact

If you have any questions, please contact our delivery partner, Ventia Boral Amey Joint Venture, on 1800 677 700 or nswenquiries@vbajv.com.au.

For more information on our projects, visit rms.nsw.gov.au

Intersection improvement benefits

- More green light time for the busiest parts of the intersection
- Reducing travel times and providing more reliable journeys for road users
- Reducing congestion and improving traffic flow at the intersection particularly in peak periods
- Improving safety for pedestrians and road users.

What are we doing?

- Removing the existing concrete median and four parking spaces on Lees Avenue to create dedicated left, through and right turn lanes for motorists travelling north.
- Banning the right turn from Portland Street onto Georges River Road to assist with traffic flow and improve safety at the intersection. We will also be changing the layout of Portland Street to have dedicated through and left lanes.
- Removing the left turn on red movements at the intersection and adding left turning arrows to increase pedestrian protection at the intersection.
- Adjusting the traffic light phasing.

Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe. Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

We will be parking vehicles near the worksite and parking spaces will be limited during this time.

Thank you for your patience during this important work.

Translating and Interpreting Service

If you need an interpreter, please call the Translating and Interpreting Service (TIS National) on **131 450** and ask them to telephone Ventia Boral Amey Joint Venture on 1800 677 700.
