

## Night work continuing in Croydon Park

Heavy traffic on Georges River Road causes congestion and delays for road users. To improve traffic flow we are making changes to Portland Street and Lees Avenue.

We were scheduled to complete work on the intersection by the end of June. We postponed our work due to wet weather and other unforeseen circumstances. Roads and Maritime Services will continue construction to upgrade the intersection of Georges River Road, Portland Street and Lees Avenue at Croydon Park from **Monday 8 July** and will finish our work by **Saturday 31 August**, weather permitting.

To build the upgrades, shown in the map above, we will need to demolish the existing concrete median on Lees Avenue, remove and replace the top layer of the road, install new signs and paint new line markings for the improved intersection layout.

This work may be noisy at times but we will do everything we can to minimise its impact, including completing noisier tasks such as concrete cutting, chainsawing and jack hammering by **midnight**.

## Our work schedule

We will be on site for up to **20 night shifts** between **Monday 8 July** and **Saturday 31 August**, weather permitting.

Our night work hours will be between **9pm** and **5am** from **Sunday to Thursday**.

## Intersection improvements

- Adjusting traffic light phasing to give more time each green light to the busiest parts of the intersection.
- Reducing travel times and providing more reliable journeys for road users.
- Reducing congestion and improving traffic flow at the intersection particularly in peak periods.
- Improving safety for pedestrians and road users.

## What are we doing?

- Removing the existing concrete median and four parking spaces on Lees Avenue to create dedicated left, through and right lanes for motorists travelling north.
- Banning the right turn from Portland Street onto Georges River Road to assist with traffic flow and improve safety at the intersection. We will also be changing the layout of Portland Street to have dedicated through and left lanes.
- Changing the traffic lights at the intersection.
- Removing the left turn on red movements at the intersection and adding in left turning arrows to increase pedestrian protection at the intersection.
- Adjusting the traffic light phasing.

## Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe. Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

We will be parking vehicles near the worksite and parking spaces will be limited during this time.

Thank you for your patience during this important work.
